

**All NATMAC Representatives**

17 February 2010  
DAP/CAS/DJD/SERA

**NATMAC INFORMATION LETTER**

*Dear Astheaynes,*

**SINGLE EUROPEAN SKY MANDATE ON THE DEVELOPMENT OF STANDARDISED EUROPEAN RULES OF THE AIR (SERA)**

The purpose of this letter is to inform you of a EUROCONTROL Notice of Proposed Rule-Making (ENPRM/10-002) concerning Standardised European Rules of the Air and the associated consultation on a draft Implementing Rule that the European Commission has tasked EUROCONTROL to develop.

The comments period for this consultation is 11 February to 12 April 2010 inclusive. A workshop presenting the outcomes of the formal consultation is planned for 3 June 2010, and EUROCONTROL expects to submit the Final Report on mandate developments to the European Commission by the end of June 2010.

Details of the SERA mandate and the associated project plan are available to all interested parties and can be found on the EUROCONTROL website at [http://www.eurocontrol.int/ses/public/standard\\_page/sk\\_sera.html](http://www.eurocontrol.int/ses/public/standard_page/sk_sera.html). Further information concerning SERA Formal Consultation (including the draft Implementing Rule and Justification Material), can be found at [http://www.eurocontrol.int/ses/public/standard\\_page/sk\\_sera.html](http://www.eurocontrol.int/ses/public/standard_page/sk_sera.html).

The CAA will submit comments on the proposals in due course. Notwithstanding this activity, NATMAC member organizations are encouraged to consider the SERA proposals and submit comment on these to EUROCONTROL, using the Consultation Response Sheet as provided. Should you chose to respond, I would be most grateful if an information copy of your response could be sent to [dave.drake@caa.co.uk](mailto:dave.drake@caa.co.uk).

*Yours sincerely,*

*Mark Swan*
