Subject: London 2012 Olympics - Temporary Controlled Airspace - Consultation
~ this email ref NATS:002049

Dear NATMAC member,

NATS and StobartAir are holding an 8-week consultation (and is seeking your feedback) on the London 2012 Olympics Temporary Controlled Airspace Proposal. This consultation is open to any interested party, launches **28th March 2011** and closes **26th May 2011**.

The proposed implementation date for this change is 0800 (local) Monday 16th July 2012.
The temporary airspace will be withdrawn at 2000 (local) Wednesday 15th August 2012.

Details of this consultation can be found at the following NATS web address, including the downloadable PDF of the consultation document:

<http://www.nats.co.uk/environment/airspace-developments/>

Please study the consultation material. If you have a query, please write to this email address and it will be passed on to our experts for a response. If there are a large number of queries, there may be a delay in replying.

This consultation will primarily be managed via email. The consultation document contains clear instructions in the paragraph "How do I respond?", and an email response template is included at the bottom of this email. Please use this template to structure your response.

If you have no comment or no objection, it is still helpful to respond and state "no objection".

Note that more than one airspace consultation may be in progress at any time. It is important that you respond separately to each consultation, or your response may not be included in the subsequently-published feedback report.

Kind regards,

NATS Airspace Consultation Team
